FREE SALE CERTIFICATE

This is to certify that below mentioned Mineral Zeolith, manufactured by LITHOS Industrial Minerals GmbH, Wirtschaftspark Straße 2/8, A-4482 Ennsdorf, Austria, with the information the manufacturer submitted to us, is an authorized technical feed additive, 1g568 Clinoptilolite of sedimentary origin, belonging to the functional group of binders. Binders are substances which increase the tendency of particles of feedingstuffs to adhere.

The use of the product, clinoptilolite of sedimentary origin, as feed additive belonging to the category of "binders and anti-caking agents" has been authorized until 30 July 2023 for all animal species with a maximum content of 10.000mg per kg in complete feed for all feedingstuffs according to the Commission Regulation (EU) No. 651/2013 of 9 July 2013.

So below mentioned mineral is in accordance with the Austrian and the European Feed Legislation and licensed for putting into circulation in all member states of the European Community.

LithoFeed
